## ***Mission Statement for Project 7 Bible Clubs:***

### ***1. Unlock Faith***

This student organization has been formed to encourage positive spiritual discussion in our school about faith, Christianity, and to learn more about the principles taught in the Bible, to pray for the needs of the students, our school, community, and nation.

### ***2. Unleash Truth***

More than ever before, we believe our world needs more of God's love. By unleashing the truth that God loves them, we believe we can make a positive impact in our school.

### ***3. Elevate Christ***

An elevated sense of being like Jesus can help our school be a better place for students to learn and thrive. When we elevate Christ's example in our school, we will love others better, serve more passionately, and treat our peers and teachers more respectfully.

### ***4. Serve Others***

We believe we have a call on our lives to serve in our community. We're committed to serving our school and city in every way that we can. By encouraging more volunteering, we will help students to unlock their full potential.

*Students*  
can change the world.
